

OSO 76219

Name: OSO
Number: 76219
Age: 3 years 10 months
Gender: Male
Cars: Rides well in a car. He does like his crate.
Cats: No cats. He does not like them and will chase.
Kids: Older kids because of his energy.
Other Dogs: Love all dogs. He can be submissive even though he has not been neutered yet.
Owner Exp.: Experienced and no young children.
Home Alone: Oso has been a backyard dog and slept in the garage in a kennel. He does well by himself.

Oso has some medical issues that are being addressed and it may be 3-4 months before he becomes available for adoption if he needs hip surgery. He now has an appointment with UC Davis on March 3rd. He is now neutered. Oso is a beautiful 4 yo boy weighing in at 66 lbs. He has a white chest and toes. Since he was a backyard dog, he is full of energy and excitement of being in a home. He is now potty trained and is responding to training but so excited to be with people. His foster family is working on his training and basic commands. He loves his crate and will need to use it when going to his forever home. We will only consider adult only home or with teenage kids because of his energy. Oso loves other dogs and even as an intact male is very appropriate and take takes corrections from other dogs.
