Hi Everyone! My name is Chibs and I'm looking for my furever home. I'm loving my foster mom and how she's teaching me so many fun things. I'm enjoying our walks, meeting horses along the way, meeting her chickens, going for car rides, and best of all taking naps on the cozy sofa and bed. Life is good! I'm gradually learning how to play with big dogs, but I've been told, at least for now, I'm best with smaller dogs. I love children, probably best if they're over 4 due to my enthusiasm. I spent a lot of time alone growing up so I'd love a home where I can be included in everything you do and make up for lost time with oodles of snuggles!
