Summer is a very sweet 9 mo. old, spayed female golden but she is extremely mouthy and desperately needs a commitment to training. We are looking for families with dogs only. She is current on her vaccinations and microchipped. Summer weighs 45 lbs. so she will be a smaller golden. She is young and has limited basic commands and will get into mischief if unsupervised. Pulls on a leash but was learning to use a gentle leader. Sleeps in a crate. She lived with a 2 yo Aussie Mix and 2 kids 5y and 8y but needs teenage kids only because of her hard mouthy behavior. She loves being with another dog that will help her transition into her forever home. Lots of change for this girl. Currently using a thundershirt to help with the change.
