

NORCAL Golden Retriever Rescue Foster Application

Thank you so much for offering to open your home to give a Golden a second chance. Our foster homes are the most important link in the NGRR chain for rescuing a dog. Within a few days after submitting your application, we will contact you by phone to quickly review the application and make sure you understand the responsibilities involved. If this phone interview goes well, we may set up a home visit to review all the elements in your application. If approved, you will become part of our network for fostering Rescued Golden Retrievers. We will use the information you provided to assist us in placing a dog in your foster home. You will then be contacted by us when a dog needs a foster home.

Mail the completed application to: NORCAL Golden Retriever Rescue
